ONE MACHINE. UNLIMITED BEVERAGE POSSIBILITIES.

REMOTE CLOUD MANAGEMENT

Manage every machine from one cloud dashboard

Monitor, update and scale your vending business remotely — from anywhere.

Cloud Connected

One dashboard.
Unlimited control.

Cloud Dashboard

Real-Time Sales

Track every transaction and monitor machine performance in real time.

Recipe & Product Management

Update drinks, recipes, prices and product images remotely without visiting the machine.

Content Management

Change promotional videos, advertisements and touchscreen menus instantly.

Inventory Monitoring

Monitor ingredient levels and receive notifications before supplies run low.

Machine Status

View machine health, receive alerts and diagnose issues remotely.

One-Click Configuration Cloning ★

Set up one machine once — deploy the same configuration to every new machine.

Recipes, drink images, interface layouts, pricing, advertisements and system settings can be copied and automatically synchronized across your entire fleet in just a few clicks.

No need to configure every machine individually.

Fleet Management

Manage one machine or hundreds of machines from a single cloud dashboard.

Daily Break Machine #1

Daily Break Machine #2

Daily Break Machine #3

Daily Break Machine #4

Scale your business faster by deploying the same professional setup across every Daily Break machine.

CONFIGURE ONCE. DEPLOY EVERYWHERE.

FULLY AUTOMATED & HYGIENIC CUP & CLEAN SYSTEM

Everything your customer needs
— provided by the machine.

- 

AUTOMATIC CUP DISPENSING
The machine stores and dispenses cups automatically.
Capacity: up to 200 cups
- 

LID DISPENSING & SEALING
Lids are dispensed separately and the machine securely seals the cup.
Capacity: up to 200 lids
- 

HYGIENIC & SAFE
Closed system keeps cups and lids protected from dust and germs until the moment of use.
- 

AUTOMATIC TUBE RINSING
The machine automatically rinses all beverage tubes with water. Set schedules or start cleaning remotely from the cloud.
Mixers are not self-cleaning.
- 

COFFEE GROUNDS COLLECTION
Built-in large container collects all used coffee grounds for easy removal and daily maintenance.
- 

DRAINAGE PROTECTION TRAY
If a cup or liquid is dropped, it flows into the drainage tray. No mess. No damage. The machine stays clean and protected.

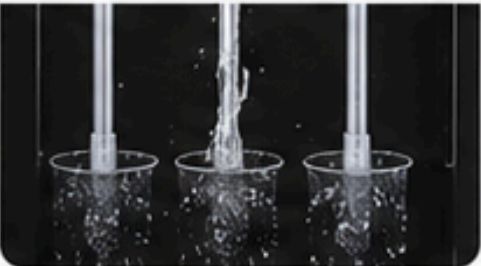

- Up to 200 cups
- Up to 200 lids

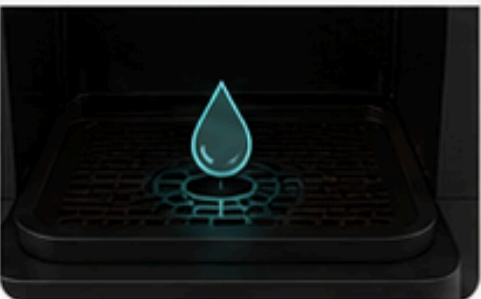

- CUP STORAGE**
Holds up to 200 cups inside the machine.

- LID STORAGE**
Holds up to 200 lids inside the machine.

- TUBE RINSING SYSTEM**
Automatic rinsing of all beverage tubes with water. Schedule or start remotely from the cloud.

- COFFEE GROUNDS CONTAINER**
Large capacity container for used coffee grounds. Easy to remove and clean.

- DRAINAGE TRAY**
Protects the machine from spills and keeps the area clean.

- REMOTE MANAGEMENT**
Start cleaning, check status and monitor everything from your dashboard.

PAYMENT & TELEMETRY PLATFORM

Flexible. Secure. Connected.

Daily Break gives your customers a fast and secure payment experience and gives you **complete control** from anywhere.

CASHLESS PAYMENTS

Accept credit/debit cards, mobile payments and contactless options.
